INTRODUCTION

Whether you are a current student or alumna/us of Suffolk University Law School, seeking a summer internship or permanent job, the Career Development Office (CDO) recognizes the difficulties encountered when searching for a position from afar. We hope the following resources will prove helpful as you undertake your search. As always, please make an appointment with one of the CDO counselors for further guidance to help you formulate an effective job search strategy.

RECIPROCIITY

Students and graduates may request a letter of reciprocity which will allow them to use the Career Services Office at another ABA-accredited law school (subject to the other school's reciprocity policy). The services that schools offer reciprocity recipients, and the dates during which reciprocal services are rendered, vary. You can view the reciprocity policies of other law schools on NALP's website (www.nalp.org/reciprocitypolicies?s=reciprocity). Please request a letter from the CDO at least two weeks before you expect to be visiting the area.

For more information about requesting reciprocity, contact Jessica Bonzek in the CDO at lawcdo@suffolk.edu or at (617) 573-8148.

Consider requesting reciprocity from one of the following schools:

BAR ASSOCIATION INFORMATION

Bar associations are professional legal organizations with membership based on factors including common geography and/or specialty. Participation in a bar organization is a great beginning to your legal career. Joining a bar organization while a law school student has many benefits, including opportunities to network, to build contacts and legal skills through pro bono legal work, and to attend lectures on specific topics of interest. After graduation, membership in such organizations will prove invaluable, providing you opportunities to keep your skills sharp by attending CLE seminars and conferences, to build new client relationships through networking events, and to meet other practitioners in your field of law. Additionally, bar associations frequently offer their members free access to online databases such as Casemaker.

CONTINUING LEGAL EDUCATION (CLE)

Participation in CLE events offers students and alumni the two-fold benefit of learning practical information about a relevant, substantive legal topic while networking with practicing attorneys in your desired geographical region and substantive interest areas. A CLE program offers myriad ways to facilitate networking with attorneys practicing in your desired field. Often, attorneys attend these events both to gain knowledge and to network themselves. While not all states have a CLE requirement, every state offers CLE opportunities through local bar associations, CLE organizations, and local law schools.

New York currently has a mandatory CLE requirement – required hours are dependent on experience level.

LEGAL NEWS PUBLICATIONS

Reading area legal news publications is a beneficial way to familiarize yourself with the local legal market. The information you learn will help you define your target audience during networking and job search efforts. You can also use your new familiarity with the local bar to distinguish yourself in an interview situation. These publications may also contain job postings.

It would be advantageous to review any, or all, of the following legal resources:

Reading local news publications, such as newspapers and business journals, will provide a general understanding of the local landscape and current topics.
