on Symplicity

Come listen to a panel of 2Ls discuss their first year summer jobs. The panelists, including students who worked in the private and public sectors, will talk about topics related to the job search process such as researching employers, identifying opportunities, networking, and the application and interview processes. They will also discuss specific aspects of their jobs, including the types of work they performed and pros and cons about their experiences.

Presented by the Career Development Office & the Rappaport Center for Law and Public Service
